

PRO360 WHOLEFOOD PERFORMANCE GREENS

BETTER BLENDS MAKE GREATER GREENS

Item# 96609
450gr (30 servings)

Synergy's delicious Pro360 Wholefood Performance Greens is packed with superfoods that provide essential nutrients such as vitamins, minerals, fibre, and antioxidants. It features a unique blend that address nutrition, energy, digestive health, immune health, psychological function, and oxidation, while providing nourishing whole foods and upcycled fruit fibre. With 23 vitamins and minerals, it provides clinically effective levels of nutrients that help fill gaps in your diet.

Research shows that plant-based whole foods contribute to good health. By prioritizing the consumption of plants and whole foods over processed options, we enhance our chances of leading a healthy life.

Pro360 Wholefood Performance Greens is packed with goodness:

- 13 different veggies and fruits for power-charged nutrition
- 6 fibres and gums for gut health
- 5 enzymes for digestive support
- Immune-supporting ingredients to keep you going strong
- 4 adaptogens/nootropics and numerous vitamins for powerful nervous system support
- 6 dedicated antioxidants (in addition to the whole food blend!)
